fedora

Future plans

- Moving translation deadline around Beta release
  - Its just after Alpha now and number of packages get change till Final freeze.
- L10n sprints
  - Wiki cleanup
  - Prepare TODO list.
- Test days
  - Focusing on other products. Cloud, Server and Atomic

fedora

Future plans

- Increasing community around G11N
    - Finding Mentors
    - Listing out easy tasks
    - More events
- Executing FAD and brainstorming on new ideas

fedora

Brainstorming points

- Language spins? (Local Ambassadors can help)

- Localization of Fedora Magazine articles?

- Fedora G11N status?

- How many languages we suppose to support?

- Are we doing good? If not how can we improve?
